Our repair and service department has revised these used machines with great attention to detail and restored them to almost new condition. In order to receive the label “certified used machine”, the machines are fully electrically tested and then receive a full 1 year guarantee. In addition to the complete overhaul, the certified machines are usually priced more than 20% below the list price – a great opportunity that you should secure yourself immediately before it's too late!

So if you need to, grab it now before we start the new season. There are two good reasons for this occasion: At the end of the season, we also have some special offers for our new machines, hot deals and mega deals ready for you. Give us a call!

On the other hand, you can still order our entire product range until December 17th at the old list price. From January 2022 we will have to adjust our prices.
